US Army Corps of Engineers
Anniston Army Depot
Anniston, Alabama

Contract Value: \$425,000.00

Start Date: 12/01/2001
End Date: 3/14/2002

Project Reference: SAIC
Don Johnson / Kathy Craig
(865) 481-4638

The Barber rig was used to advance numerous boreholes in faulted zones to depths of approximately 700-ft at the depot in association with groundwater remediation. The casing advance system utilized by the rig was essential in the advancement of the boreholes due to collapsing formations and development of sinkholes during the investigation
