

Saluda Dam Remediation Project Phases 1, 2 and 3 Saluda Dam, South Carolina

to the Core.
Integrity

South Carolina Electric & Gas Company,

Saluda Dam, South Carolina

Contract Value: \$4.5 Million

Start Date: April 2002
End Date: March 2004

Project Reference: Griffin De-Watering
Michael Lippard (713) 676-8000

Miller provided sonic drilling technology and support crews to drill and install deep well installation, rock piezometers, soil piezometers, eductors and inclinometers. Project was completed in three phases, Phase One being the area directly behind the power house, Phase Two being all work to the south of Phase One and Phase Three being all work to the north of Phase One.
